Pictures of Unnamed Students

Students may occasionally appear in photographs and videotapes taken by school staff members, other students or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Pictures of Named Students

Many times, however, the school will want to identify a student in a school picture. School officials want to acknowledge those students who participate in a school activity or deserve special recognition.

Pictures of Students Taken by Non-School Agencies

While the school limits access to school buildings by outside photographers, it has no control over news media of other entities that may publish a picture of a named or unnamed student. School staff members will not, however, identify a student for an outside photographer.

In order for the school to publish a picture with a student identified by name, one of the student's parents or guardians must sign a consent form. Please complete and sign this form to allow the school to publish and otherwise use photographs and videotapes, with your child identified, while he or she is enrolled in this school.

_____ I grant consent to the Hamblen County Department of Education to identify a picture of my child by full name and/or school he or she attends, in any school sponsored material, publication, videotape or website. This consent is valid for the entire time my child is enrolled in the school. I may revoke this consent at any time by notifying the building principal.

_____ I do not grant consent for the photographing or videotaping of my child.
